Introduction

The California Microbusiness COVID-19 Relief Grant Program (MBCRG) was created in 2021 to assist qualified microbusinesses that have been significantly impacted by the COVID-19 pandemic in California. Existing law (Government Code Section 12100.83) requires CalOSBA to make grants to assist qualified small businesses negatively affected by the COVID-19 pandemic, in accordance with specified criteria, including geographic distribution based on COVID-19 restrictions and industry sectors most impacted by the pandemic, among other things.

The California Microbusiness COVID-19 Relief Grant Program was enacted by Senate Bill No. 151 (Government Code 12100.90). The new funds will be expressly for microbusinesses and administered by the Office of the Small Business Advocate (CalOSBA) through county agencies and coalitions of nonprofit organizations (“grantmaking entity/ies”) that will disperse the funds to microbusinesses and entrepreneurs in the state. CalOSBA within the Governor’s Office of Business and Economic Development (GO-Biz) is charged with administering and providing oversight for the Program.

The MBCRG Program provides approximately fifty million dollars (\$50,000,000) in one-time grant funding to administer a Request for Proposal (RFP) for eligible grantmaking entities defined as a county government or consortium of nonprofit, community-based organizations. The intent of the funding is to provide relief to the hardest to reach microbusinesses and entrepreneurs. The grantmaking entities will develop and implement an outreach and marketing plan to identify and engage eligible microbusinesses that face systemic barriers to access capital, including but not limited to, businesses owned by women, minorities, veterans, individuals without documentation, individuals with limited English proficiency, and business owners located in low-wealth and rural, communities.

The Program will award funds to eligible grantmaking entities to distribute grants to eligible microbusinesses that have been impacted by COVID-19 and the associated health and safety restrictions. The program was authorized with a single round of funding ending on December 31, 2022 (repeal date).

Background and Purpose

On March 13, 2020, the White House issued a proclamation declaring a national emergency concerning the Novel Coronavirus Disease (“COVID-19”) outbreak. In response to COVID-19, Governor Gavin Newsom announced a Shelter in Place order the same day to combat and slow the spread of COVID-19. Since March 2020, and despite federal stimulus and small business efforts to pivot, adapt to new health and safety guidance, and shift to online sales where feasible, many small businesses continue to face enormous risks to their comeback. Today, with California’s COVID cases rising due to the Delta variant, small businesses are still facing financial hardship and limits on their operations. Hardest hit are those microbusinesses that are in geographically dispersed counties or industries severely impacted by COVID-19 health and safety orders.

Existing law (Government Code 12100.83) establishes the California Small Business COVID-19 Relief Grant Program within CalOSBA. The program requires CalOSBA to make grants to assist qualified small businesses negatively affected by the COVID-19 pandemic, in accordance with specified criteria, including geographic distribution based on COVID-19 restrictions and industry sectors most impacted by the pandemic.

The MBCRG Program was created within CalOSBA to assist qualified microbusinesses, as defined, that have been significantly impacted by the COVID-19 pandemic with grants in the amount of \$2,500 to each eligible microbusiness that is selected for an award. Government Code 12100.90 requires CalOSBA to administer a Request for Proposal (RFP) for eligible grantmaking entities defined as a county, nonprofit or consortium of nonprofit community-based organizations to administer the Program in all 58 California counties.

Priorities

CalOSBA will prioritize funding to eligible grantmaking entities that best meet the factors listed in Section 12100.92 (d):

- 1) Demonstrated operational experience and organizational capacity to serve one county, or in the case of a consortium of nonprofits, one or more counties, of the state, consistent with the requirements of this article.
- 2) Demonstrated preexisting relationships with the county's microbusiness community.
- 3) Identified key outreach activities for the specific county they will serve, aimed at identifying underserved small business groups that have faced historic barriers to accessing capital, including businesses majority owned and operated on a daily basis by women, minorities or persons of color, veterans, undocumented individuals, and individuals living in rural or low-wealth areas on low incomes.
- 4) Prioritization for eligible grantmaking entities that are qualified and experienced in administering similar programs.
- 5) Prioritization for eligible grantmaking entities that commit to working with nonprofit organizations with a mission that includes economic or business development support for California's underserved businesses and entrepreneurs.

Priority will be given to proposals that provide in-language outreach and marketing, community outreach plans, and reach underserved and undocumented microbusiness owners to help them get access to the MBCRG funds.

CalOSBA will also prioritize proposals that demonstrate collaboration and best practice sharing with community groups, cultural institutions, and across ecosystems to build a stronger set of outreach activities that benefit all California microbusinesses with a strong outreach and marketing plan for underserved business groups.

The full award amount available, including from Round 1 in which 26 counties applied, is \$49,750,000 which includes grants and expenses. The available amount is based on \$50,000,000 less 0.5% administrative fees allocated to CalOSBA.

Period of Performance

The period of performance will begin at the time the grant agreement is executed between CalOSBA and the grantmaking entity. The awarded amount to the grantmaking entities must be fully disbursed to eligible small businesses by November 30, 2022 or returned to CalOSBA by December 31, 2022. During this period of performance, the disbursement of grant funds to microbusinesses is expected to be completed, all funds exhausted, and all applicable reporting requirements satisfied.

Funding Information

Funds provided under the Program must be used solely for the purposes stipulated in this Announcement and subsequently in the Agreement between CalOSBA and the grantmaking entities. All costs proposed in an applicant's budget must meet the tests of allow-ability, allot-ability, and reasonableness.

Costs to administer the program will be **capped at a maximum of 20% of the awarded grant up to \$300,000.00, except for counties with a population of over 3,000,000 people. For counties with a population of 3,000,000 people or greater, costs to administer the program will be capped at 8% of the awarded grant.** A grantmaking entity may use administrative fee towards administrative expenses (including fiscal agent fee), marketing, and outreach to qualified microbusiness owners in underserved business groups, including businesses owned by women, minorities, veterans, individuals without documentation, individuals with limited English proficiency, and business owners located in low-wealth and rural communities. The State is seeking competitive proposals with programmatic efficiencies to reduce the cost and maximize grants awarded to eligible small businesses.
