

TECHNICAL ASSISTANCE PROGRAMS AWARDEES

2019-20

Technical Assistance Program Awards are administered by the Governor's Office of Business and Economic Development Office of the Small Business Advocate.

CAPITAL INFUSION PROGRAM

The Capital Infusion Program (CIP) is a 5-year state-funded program which awards \$3 million each year to support capital readiness business consulting through the California network of Small Business Development Centers (SBDCs). The program, launched in 2018 and continuing through 2023 with the SBDCs, helps small business access capital by providing one-on-one advisory services to get them "lender ready" or "investment ready," and by connecting them to banks, mission-based lenders, and/or investors. The program allocates funding in alignment with federal support from the U.S. Small Business Administration.

SMALL BUSINESS DEVELOPMENT CENTERS	AWARD

TECHNICAL ASSISTANCE EXPANSION PROGRAM

The Technical Assistance Expansion Program (TAEP) is a 5-year state-funded program which awards \$17 million each year to expand free consulting and low-cost training services through federally-funded small business assistance centers. The program, launched in 2018 and continuing through 2023, is focused on providing programming and outreach to under-resourced small businesses, including women, people of color, and veteran-owned businesses, and businesses in low-wealth, rural, and disaster-impacted communities. The program allocates funding through a competitive process.
